10th, 11th and F Sts. N. W.

Our business hours, until further notice are 8:15 to 5:30.

## Our January Serial Sale

Creates and sustains active interest. Busy talk widens the sympathy between the people, the goods, the prices. Values are named that were never possible before, owing to away ahead planning and large and advantageous buying of desirable and seasonable goods, and being in a position to take advantage of any favorable condition of the market. The echo to all comes from the appreciative public. And it is quite natural. The store advantages never were more apparent—prices never were so low. Each business day this month will have a fresh program. You'll find it interesting.

## Special Clearing Sale of Women's, Misses' and Children's Shoes.

The reason why we offer them at such little prices is because some sizes are missing, and therefore, in these particular goods, we can't fit everybody. When the sizes of a line of shoes are broken there are only two things that can be done. One is to buy a new line of sizes, but we can't do that because we don't want to carry these makes in stock any longer, so we are compelled to sell all that are left at reduced prices to close them out at once. They are fresh and thoroughly reliable goods and include Oxfords, Slippers and high shoes for women, misses and children. We have made four lots and have put them on center tables at about half former prices.

**The 50c. Table**
